network for language learning and practice

# What was changed in 2022

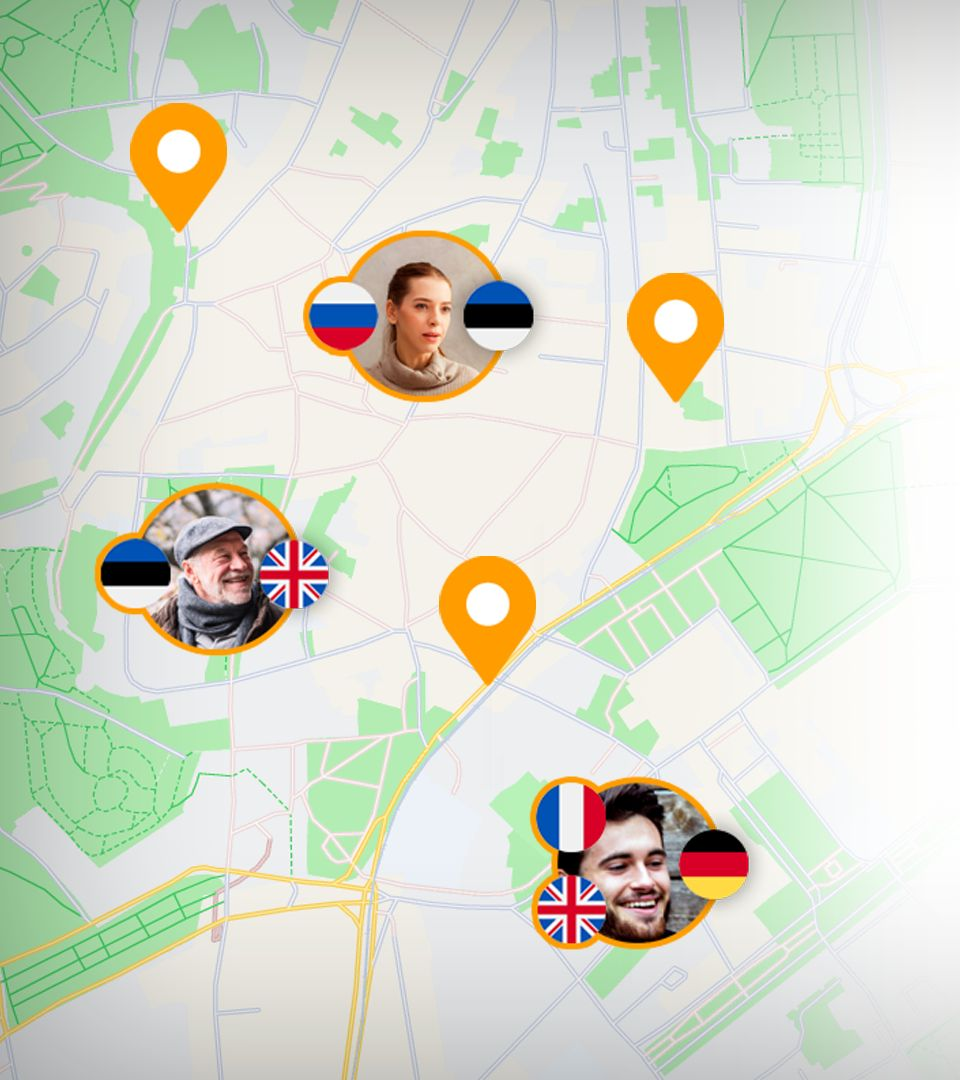

- demography: Estonia's population has grown by 2%, women, children, seniors
- legislation: law on foreigners, school reform, language requirements
- economy: 20% inflation, wage rally, market changes
- technology: the invasion of artificial intelligence in design, programming in communication, the development of EdTech

# Find out how to work, live, and study in Estonia!

Find out how to work, live, and study in Estonia! Have you recently arrived in Estonia to work or study for a short period of time? Free training and information materials provided by the Estonian state can help you get answers to your questions related to working and living in Estonia. Watch videos, participate in free trainings, or read the handbook. Feel free to explore!
